AN INTERESTING CONTEST

Thirty-fourth Encampment Held at National Soldiers' Home Theatre Yesterday Afternoon—Colored Delegates Wanted Negro For Commander.

The thirty-fourth annual encampment of the Virginia and North Carolina Department, Grand Army of the Republic, was held in the theatre of the National Soldiers' Home yesterday afternoon. The encampment was attended by a number of delegates from the various posts in the two States, and, according to the delegates, the meeting was harmonious and interesting.

After the transaction of much routine business of interest only to the order the annual election of officers was entered into. The election proved very spirited and resulted in the selection of the following:

Commander—Charles H. Osgood, of Phoebus.
Senior vice-commander—Isaac Powell, of Newbern, N. C.
Junior vice-commander—Lewis Dawley, of Norfolk.
Medical examiner—Dr. James P. Carter, Norfolk.

Chaplain—Henry Rook, Portsmouth.
Assistant adjutant and quartermaster—A. A. Hager, National Soldiers' Home.
Delegates to the National encampment in Denver—J. P. Carter, Norfolk; Frank M. Work, National Soldiers' Home; with W. A. Parsons, of Richmond and Francis McCabe, National Soldiers' Home.

meeting was the contest for the office of commander. The candidates were Charles H. Osgood, of Post No. 26, of Phoebus, and Isaac Powell, colored, of Newbern, N. C. The colored delegates were anxious to have a colored man made department commander and when the vote was taken Osgood was elected by a majority of only three.

The selection of a meeting place for next year was left with the council of administration.

HIGH SCHOOL TOOK THE GAME.

Hampton College Met a Crushing Defeat at Basketball.

The Hampton High school basketball team completely "walked away" with the five from Hampton College in the contest on the latter's field yesterday afternoon. After two hard-fought halves the High school young ladies had piled up 27 points against the College's seven. The game was witnessed by an unusually large crowd and the friends of the High school were enthusiastic over the result.

The members of the college five played hard and put up a good game, but the High school proved more efficient at pitching the ball into the basket.

The line-up of the teams follows:

High School. College.
Pamela Hudgins, R. F., Bertie Fuller
Atteyne Cunningham, L. F., Elizabeth Wood.

Irma Taylor (Capt.), C. Elsie Schneck.
Mary McMenamin.

Mayme Rowe, A. C., Margaret Armstrong.

Bessie Garratt, R. G., Margaret Kimberley (Capt).

Florence Booker, L. G., Elizabeth Fuller.

Lineup—Misses Milla Burbank, Annie Cunningham, Elizabeth Fuller and J. Bruce Bentley.

Umpires—Miss Minnie Morris and Arthur D. Wright.

Referee—Harry Elam.

Score—26 to 7 in favor of High school.

Notes of Game.

This is the first match game played by the High school girls; the team only having been organized a short while.

A feature of the game was the work of Miss Pamela Hudgins as right forward for the High school; her basket-throwing bordering on the phenomenal.

On the morning of Saturday, April 29, the baseball teams of Norfolk High school and the Hampton High school will meet on the Soldiers' Home diamond and on the afternoon of the same day the girls basketball teams of the two institutions will meet on the court in the High school yard.

HOLDS LAW INVALID

Judge Witt Passes on the Masurier Ordinance.

APPEAL TO HIGHEST COURT

Messrs. Duke and Lynch Retain Their Municipal Seats and Remain on City and State Committees Respectively.

(Special to the Daily Press.)

RICHMOND, VA., April 19.—The "Masurier ordinance," passed by the council last year and designed to keep council and municipal officers from becoming members of standing bodies of political parties, was held to be unconstitutional, null and void, in opinion handed down by Judge Witt in the Hastings court today.

City Attorney H. R. Pollard asked leave to file a bill of exceptions, and permission was granted. At the suggestion of Mr. Pollard, and with the consent of the court, the opinion will be made a part of the record. It was said this morning that the Supreme Court cannot pass on the case until next winter.

Consideration of two similar cases were involved in trial of the cause. John J. Lynch, a member of the council and also a member of the State Democratic committee, was fined \$10 under the Masurier law. Walter G. Duke, a member of the police board and also a member of the City Democratic committee, was fined \$10. In each case an appeal was taken from the police court, and the two were heard together in the Hastings court.

NO NEWS FROM CAMP.

Snow, Hail and Rain Storms Rage in Colorado Mountains.

(By Associated Press.)

GLENWOOD SPRINGS, COLO., April 19.—With President Roosevelt and Secretary Loch twenty miles from the nearest telegraph station, no news of the hunt came out of the woods today. When Mr. Loeb returns tomorrow it is expected he will bring information of the luck that has attended the President's hunt for big game.

Storms of snow, hail and rain surged about the mountains in the direction of the east divide nearly all day and Mr. Loeb must have had a rough and uncomfortable trip to the camp, having left here this morning with documents requiring the President's signature.

JOHN C. ROWAN.

Rheumatism.

Prof. E. E. Phelps, of Dartmouth University, the discoverer of the formula of Paine's Celery Compound, always maintained that rheumatism could be traced back to diseased nerves that failed to do their work properly.

Bear this in mind while reading the letter of John C. Rowan that follows.

Mr. Rowan wrote us over 10 years ago telling us how much he was being helped by Paine's Celery Compound. We wrote him a short time ago to find out if he still relied on Paine's Celery Compound.

"Yours of the 2d inst. is at hand, and in reply would say that I have never had any cause to change my opinion as to the good qualities of Paine's Celery Compound. As you are aware, some ten years or thereabouts ago, I was a martyr to rheumatism, and suffered intense pain with it in my knees; could not rest at night, but walked the floor with pain.

"All manner of remedies were tried; some gave me temporary relief, others have had no effect whatever.

"Now, my reasons for taking Paine's Celery Compound in preference to other remedies was that on an occasion once before I had taken two bottles of Paine's Celery Compound and was relieved so much that I did not take any more at that time, after my experience with other remedies which did me no good. Later, I was positive then that I had not given Paine's Celery Compound a fair trial to cure me absolutely of rheumatism.

"I concluded to take twelve bottles, and I did so, and I can assure you that you have a compound that is honest, and a sure destroyer of rheumatism.

"I have found it so, for up to this present date I have never felt any symptoms of rheumatism. I take it every spring, but for the blood only.

"Now, we have a remarkable case here in one of our schools, the janitor, Mr. William Garlow. He is a man between seventy and seventy-five years of age.

"He had suffered very much with rheumatism, so he felt he must give up his position. I had frequently recommended Paine's Celery Compound to him, and, like myself, he had taken one or two bottles of it, but did not give it a fair trial. I informed him of my case, and said: 'Try a dozen bottles, and it will convince you that my statement is correct.' He purchased five bottles; one he kept at the school, so he could take it as directions call for. Now he is well and feeling better than he has for years, and is a strong supporter of Paine's Celery Compound. His address is, William Garlow, Oakdale avenue, or Humboldt High School.

"Others have asked if it is a fact that Paine's Celery Compound has done so much for me and keeps me so healthy.

"That and the way I live have been the cause. At the time I had the rheumatism I was affected with catarrh. You can be assured I shall always be a friend of Paine's Celery Compound, for I am indebted to it—a debt I can never pay. You can refer to me and use this letter as you see fit in the cause of Paine's Celery Compound. I am, yours truly," John C. Rowan, 137 East Winifred street, St. Paul, Minn.

When you are sick in some part of your body it is because some organ is not doing its work. That is because THE NERVES ARE NOT STRONG ENOUGH to keep that organ up to its work.

The better the Nerve Force the better all the organs can work and give perfect health.

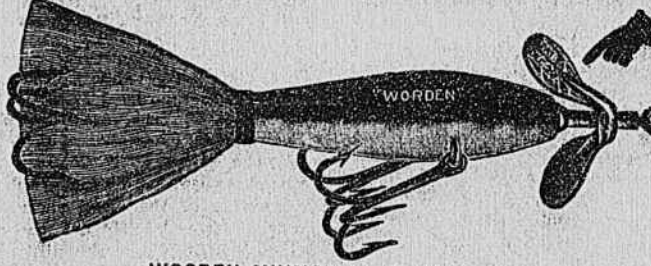

Paine's Celery Compound feeds the nerves—restores them to their strength—gives them new power to send vitality and health to every part of your body, new courage to your heart, new animation to your brain.

Remember this—Paine's Celery Compound is the prescription of one of the most famous physicians this country has ever known, Prof. E. E. Phelps, of Dartmouth University.

All reputable druggists recommend and sell Paine's Celery Compound.
